Vigtigt!

Efter at Beosystem 2500 er monteret i vægskinnen, og inden strømmen slutes til, skal det kontrolleres, at ledningerne sidder som vist i tegning 2.

Important!

After mounting the Beosystem 2500 in the wall bracket, and before connecting it to the mains, make sure that the leads are properly seated, as shown in drawing 2.

Wichtig!

Nach Unterbringung des Beosystem 2500 auf der Wandkonsole unbedingt überprüfen, ob die Leitungen richtig sitzen, bevor das System an das Netz angeschlossen wird.

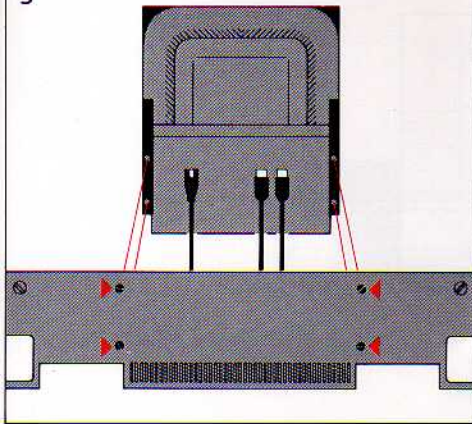

Important!

Après avoir installé le Beosystème 2500 sur son support mural, et avant de le raccorder au secteur, assurez-vous que les câbles soient placés correctement, comme le montre le dessin no 2.

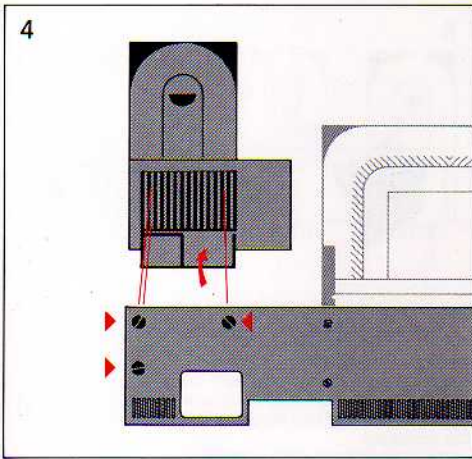

Belangrijk!

Als het Beosysteem 2500 in de ophangbeugel is gemonteerd, overtuig u er dan van dat de kabels op de juiste wijze, zoals in figuur 2 aangegeven, zijn aangebracht.
